## 6930 years of shipbuilding experience honoured

### MEYER Group employees celebrate their 25 and 40 years of service

**Papenburg, November 9, 2022** – The MEYER Group has once again honoured numerous employees who can look back on many years of service with the company. After a break of two years due to Corona, an event was held again at the Forum Alte Werft in Papenburg for the long-serving employees. The employees who celebrated their 25th or 40th anniversaries in 2020 and 2021 were also present. From 2020 to 2022, a total of 228 employees celebrated these anniversaries. 82 of them have been working for the MEYER Group for 40 years, 146 for 25 years. This brings the jubilarians' shipbuilding experience to 6930 years!

In a speech in which he looked back on the development of the shipyard over the past decades, Bernard Meyer thanked the employees for their many years of service and presented them with corresponding pins in silver or gold. "With your many years of service and loyalty to the MEYER Group, you are a special case in today's working world. You have worked for our shipyard for decades and thus contributed to the strength of our companies," said Bernard Meyer in his address to the jubilarians.
